CMC- HELD

**Notes:** Motions hearing date is 2/28/12 at 2:00pm.

Court proposed trial date of June 2013. Plaintiffs have no objection. Defendants' counsel urged the Court to follow the proposed schedule submitted with the parties' Joint Case Management Statement, but stated that approximately 18 months after the pleadings are settled would be acceptable. The Court did not set a trial date.

With regard to pending motions scheduled for February 28, 2012, the Court instructed Defendants to file an administrative motion for relief if any defendant wishes to file a joinder regarding any motion. Such motion should be filed no later than February 13, 2012. Plaintiffs will be given a chance to respond if needed. If necessary, the Court will move the hearing date on February 28.
